

## **He'll Make It Right**

by Rick Lang

When the storms of life are raging and the waves are crashing high.  
God will lead you to still waters over on the other side.

### **\*CHORUS**

He'll make it right, He'll make it right  
God will change all the darkness into light.  
He's the one you can turn to when there is no hope in sight,  
He'll make it right, praise God, He'll make it right.

When you're lost out on life's ocean and you cannot reach the shore.  
Just ask Him for directions, God will guide you safely o'er.

### **\*CHORUS**

When the angry winds are blowing and the dark clouds block the way.  
God will quell the mighty tempest and He'll roll those clouds away.
