

## Homemade Christmas

by Rick Lang

Mama's in the kitchen baking Christmas cookies... in shapes you'd surely recognize  
The kids are making ornaments to hang upon the tree... and there's a gleam in every eye.

\*We've been hit by hard times,  
but it could never dampen...the spirit of our Holidays

### \*CHORUS

We'll have a... homemade Christmas  
One we never will forget  
We'll have a... homemade Christmas  
It'll be the best one yet  
Our homemade Christmas

Grandma's on the sofa, knitting on a sweater... to protect us from the cold.  
Daddy's in the woodshed building a toboggan... that will glide us through the snow

\*Everything this Christmas will be made by hand  
We'll make the most of what we have

### \*CHORUS

For a... homemade Christmas  
One we never will forget  
We'll have a... homemade Christmas  
It'll be the best one yet  
Our homemade Christmas

### \*Bridge

We may not have money to spend on store bought presents  
Like we did in Christmas' past  
But any gift that we get will be even better  
Cause we made 'em all by hand

### \*CHORUS
