

Just Call On Him

by Rick Lang

As we live our lives each day,
there's so many choices that we must make.
The wrong one will lead you way out in sin.
To help make the one that is right just call on Him.

***CHORUS**

Just call on him, each night and day,
Let Jesus guide you along your way.
Right there beside you through thick and thin.
Now don't you wait till it's too late just call on Him.

When you are standing at life's crossroads,
and you just don't know which way to go.
Reach out and take the Saviors hand.
A true friend right to the end, just call on Him.

***CHORUS**

As you roll out on life's ebb and flow,
and you get caught in that undertow.
Now will you sink or will you swim?
Kneel down and pray it's not too late just call on Him.
